Los globos son el soporte ideal para sus campañas de publicidad, permiten una comunicación original, eficaz y rentable.

Son un sistema publicitario respetuoso con el medio ambiente: están fabricados en caucho de látex natural, material biodegradable.

La producción de globos se realiza conforme a los más exigentes controles de calidad y de acuerdo a las principales normativas internacionales (UNE - EN 71) relativas a propiedades físicas y mecánicas, composición e inflamabilidad.

Balloons are the ideal support for your advertising seasons. They allow an original, effective and profitable communication.

They are an advertising system that respects environment: they are made of natural latex rubber which is a biodegradable material.

Balloon's production is done following the most strict quality controls and in accordance with the main international regulations (UNE - EN 71) related to physical and mechanical features, composition and flammability.

Les ballons sont le support idéal pour vos campagnes publicitaires, ils permettent une communication originale, efficace et rentable.

Il s'agit d'un système publicitaire respecteueux avec l´environnement : ils sont fabriqués en caoutchouc de latex naturel, un matériau biodégradable.

La production de ballons est réalisée conformément aux contrôles de qualité les plus exigeants et conformément aux principales réglementations internationales (UNE - EN 71) concernant les propriétés physiques et mécaniques, la composition et l'inflammabilité.

- Conforme a la legislación comunitaria de armonización permanente
- In accordance with community legislation of permanent harmonization
- Conformément à la législation communautaire d'harmonisation permanente.
